

NO CONFIRMATION OF FALL OF KRONSTADT TO BRITISH NAVAL FORCES

However There Are Indications That Petrograd is Menaced.

By Associated Press Leased Wire

London, Oct. 17.—The march of Gen. Yudenitch at the head of the northwestern Russian army on the city of Petrograd was still progressing favorably at the latest advices. Some reports of his advance, however, have apparently outrun his actual progress. There appeared for instance, some doubt today whether the fortress of Kronstadt, outpost at the water approach to Petrograd, had capitulated to British naval forces, as indicated in reports during the night. The British admiralty had received no confirmatory advices and the accuracy of the news was questioned in admiralty circles.

Dispatches from Scandinavia, have announced the capture of Gatchina, 25 miles south of Petrograd by the Yudenitch forces and stated that Yudenitch was advancing on Tsarskoe Selo, former summer residence of the late Emperor Nicholas, and Krasnoye Selo, nearby.

Reports of the capture of these places by the anti-bolshevik army, however seemed of doubtful accuracy. A bolshevik wireless station is located at Tsarskoe Selo, and announcement was made by the wireless press here this morning that the bolsheviks were apparently still in possession of it, as soviet propaganda was yet being sent out from the station during this forenoon.

Feeble Resistance.
Soviet troops are reported to be leaving Petrograd a mutiny among the men having broken out. In any event advices indicate that the Yudenitch forces are encountering feeble resistance.

Bolshevik troops are said to have captured Kiev but in this region the situation is obscure. It was reported last week that Kiev was in the hands of Gen. Petlura's Ukrainian army which advanced against Gen. Denikine's left flank following Petlura's declaration of war on the Cossack chieftain.

Further details of the situation south of Moscow have not been received but it appears the bolshevik armies in that region are launching counter attacks against Gen. Denikine's lines. With the exception of the capture of Kiev, the bolsheviks seem to have been repulsed along the new front.

In the meantime Admiral Kolchak, head of the all-Russian government at Omsk and commander of the anti-bolshevik elements on the east Russian front was advancing rapidly in pursuit of the soviet armies which have been ordered to retire. The location of the line of battle in this region has not been reported recently but it is known to be west of the Tobol river.

No British Force of Large Size There

By Associated Press Leased Wire
London, Oct. 17.—Confirmation of reports that British naval forces have taken the fortress of Kronstadt, on the Gulf of Finland west of Petrograd, has not been received at the admiralty offices here. Dispatches telling of the capitulation of Kronstadt are not credited, it being said the British have only light cruisers in the vicinity which are incapable of successfully challenging the fortress. Admiralty officials state that there was no reason for a British attack on the place.

GETS REINFORCEMENTS.

By Associated Press Leased Wire
Stockholm, Thursday, Oct. 16.—Gen. Yudenitch whose northwestern Russian army is marching on Petrograd has been reinforced by troops commanded by Prince Peter Lieven and volunteers from Archangel who now form the vanguard of the advance on the former Russian capital according to a Helsingfors despatch to the Dagbladet.

(A London despatch received last Saturday stated that Prince Peter Lieven was superintending the co-ordination of forces commanded by Col. Alvaloff-Bermond and Gen. von Der Goltz, which have been fighting in and about Riga for several days.)

WASHINGTON GETS REPORT

Yudenitch were received at the State Department today from an American consular officer in Sweden on the Finnish border. Confirmation of the reports had not been received when the dispatch was sent, but it was said that they generally were credited in Sweden.

Reds Shot 25,632 Riga Inhabitants

By Associated Press Leased Wire
Stockholm, Oct. 17.—Prof. Guido Schneider of Riga in a lecture here stated that the bolsheviks shot 25,632 men, women and children in Riga. The executions intoxicated and unable to aim straight, wounded their victims time and again, laughing at their agonies which some times lasted a whole day and night, he said. Young girls elegantly dressed volunteered as executioners and, promenading up and down with rifles fired at the prisoners.

COLONY PATIENTS HAD NIGHT PARADE

Two patients from the Dixon state colony created quite a sensation last night about 11 o'clock as they marched up First street in the middle of the street car track. One of the pair belonged to the six footer class but his companion was much shorter in stature. The tall one had his arm around the smaller man's neck, both being followed by a large crowd when the chief of police took them in custody.

They were taken to the station and loaded into the patrol and then returned to their quarters at the Colony. The police had been called earlier in the evening to Assembly Park where the two were wandering about, but could not find them. The larger man came near being crushed to death beneath an Illinois Central passenger train this summer while walking on the right of way. The other patient had been away from the institution a couple of days.

LT. DOWNING KNOWS MANY AVIATORS NOW IN GREAT AIR RACE

Lieutenant B. Frank Downing, who has just returned home after several months service in the army aviation service at home and abroad, is acquainted with practically every flier who left Minsk on Long Island in the air race now in progress. While in France, he was associated with Lieut. Maynard, the "Flying Parson," and recalls one event in which this former Baptist minister really swore, when the plane in which he was about to ascend collided with another.

Captains Harry Smith and Allen, who were forced to land yesterday at Fernley, Nev., where their ship was almost completely wrecked, were close associates of Lieut. Downing during his several months stay at Minsk.

Missouri Negro is Saved from a Mob

By Associated Press Leased Wire
Hannibal, Mo., Oct. 17.—Charles Day, an 18 year old negro, was brought here last night after Sheriff Thomas Clark of Ralls county, had eluded a mob at New London, Mo., which demanded the surrender of Day, who was arrested for an alleged attack on Mrs. William Stout, the wife of a young farmer. The negro was arrested by Clark after a long search in the vicinity of the Stout farm. The alleged attack occurred Wednesday afternoon and Day escaped after Stout had wounded him three times with a shot gun. He is not seriously injured. A message from New London today states that all was quiet there but Day will remain in the jail here for several days. He is the third man arrested in that vicinity for a similar crime within the past six weeks.

APOLOGIZES TO U. S.

By Associated Press Leased Wire
Omsk, Thursday, Oct. 9.—(By the Associated Press)—The All-Russian government has expressed to the United States its regret and indignation over the flogging of an American soldier, Corp. Benjamin Sperling, by Gen. Kalinkoff's Cossacks, word of which reached here recently. The government in its communication deplored the act as that of irresponsible officers who were taking advantage of the unrest in the Far East to avenge their personal grievances. The government is awaiting a report from Minister of Justice Telberg who is visiting eastern Siberia and in investigating the case to determine what further steps may be necessary.

The movement of the troops of Gen. Semenov, another of the Cossack leaders, eastward into the territory of the Chinese Eastern Railway was unauthorised, the government declares, and he has been ordered to retire.

S. D. & E. TO PAY \$2,000 FOR DEATH PAUL SPANGLER

Judgment was rendered this morning in the case of F. B. Spangler, administrator, against the Storings, Dixon & Eastern railway company, in the sum of \$2,000, the case being settled out of court. The suit was brought by Attorney Harry Warner in behalf of the parents of Paul M. Spangler, aged seven, whose life was crushed out by one of the city cars of the company on Hennepin avenue and First street on the morning of Sunday, January 12, 1919.

The little fellow with his father was riding on a bobbed, heavily loaded with milk cans on their way to the milk factory. The coroner's jury in their investigation returned a verdict in which they held the street railway company responsible for the accident due to their carelessness in the upkeep of their cars. Dixon & Dixon represented the company's interests in the suit.

Question Right of War Dept. to Send Troops to Silesia

By Associated Press Leased Wire
Washington, Oct. 17.—Dispatch of additional American troops to Europe for the ultimate purpose of policing Silesia during the plebiscite proposed in the peace treaty formed the text of another chapter of senate debate today on the treaty.

The authority of the War Department to take such a step was questioned by Senator Brandegee, republican, of Connecticut, and the scarcity of information available to the senate on such subjects was deplored by Chairman Wadsworth, of the military committee. The department's action was defended by Senator Nelson, republican, of Minnesota, and others.

"Nobody knows under what authority these troops are being sent," said Senator Brandegee. "It may be that the War Department has some idea that the status of war technically still exists although it does not."

Senator Wadsworth said he had been informed by the assistance secretary of War and the chief of staff that the troops referred to had left New York a few days ago, their immediate destination being Coblenz, where they were to await orders to go to Silesia.

"I was given to understand," said the New York senator, "that the dispatch of this force was due to some arrangement made by the American peace commission at Paris. It was intimated also that the authority for sending them springs from the fact that technically we still are at war with Germany."

T. A. Polley, tax commissioner of the Chicago and Northwestern railroad, has forwarded a table of interesting facts to the office of the city clerk, giving the standing of this city in the company's tax table. The real estate ratio, high rates 55 per cent for Dixon, only three other northern Illinois cities qualifying in this class.

PRICE OF SHELLS IS OFF

The price of Rock River clam shells has dropped instead of continuing to soar. Several hundred tons of shells were sold yesterday, bringing but \$50 a ton, while a few weeks ago they sold for \$75 and old diggers held that the price would go as high as \$60 before the last shipment. Many of those who have followed this occupation during the summer months have discontinued clamming and are taking up other work.

CAPITALISTIC GROUP MAKES CONCESSION IN INDUSTRIAL MEETING

Right of Men to Organize Recognized—Some Reservations Made.

By Associated Press Leased Wire

Washington, Oct. 17.—With the introduction of resolution by the capital group giving its views as to the right of collective bargaining a spirit of conciliation was manifest today in the national industrial conference.

L. E. Sheppard, head of the railway conductors' brotherhood, said he saw in the resolution a sincere effort at closer co-operation between capital and labor in the meeting and declared that in his opinion the gathering was "just getting down to business."

Announcing that the impatience manifested by the labor group Thursday had now given way to a willingness to wait any reasonable length of time, Mr. Sheppard said his group saw every prospect of a harmonious adjustment of the difficulties existing between the right and left wings of the conference as a result of the employers' resolution. The resolution by the capital group, which Chairman Harry A. Wheeler said had been assented to by eleven of the fourteen members present, follows:

Immediately after the conference met Harry A. Wheeler, of Chicago, chairman of the capital group, presented a declaration outlining what were said to be the utmost concessions his group was disposed to make. It follows:

Utmost Concessions

Resolved, That without in any way limiting the right of a wage earner to refrain from joining any association or to deal directly with his employer as he chooses, the right of wage earners in private, as distinguished from government, employment to organize in trade and labor unions, in shop industrial councils, or other lawful form of association to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor, and other conditions of employment, is recognized; and the right of the employer to deal or not to deal with men or groups of men who are not his employees and chosen from among them is recognized; no denial is intended of the right of an employer and his workers voluntarily to agree upon the form of their representative relations."

Mr. Wheeler announced that of the fourteen members of his group present during the framing of the substitute, eleven favored the proposal and three were silent.

He said the representatives of his group on the committee of 15 had opposed recommendations of the declaration on collective bargaining favored by the public and labor groups because the capital group had not had the same opportunity as the public and labor groups to consider it.

Hungarian Premier in Plot to Reseat His Former Emperor

By Associated Press Leased Wire

Vienna, Wednesday, Oct. 15.—(Delayed)—The motive for the attempted arrest of Premier Stephen Friedrich of Hungary by Rumanians on Monday, was the discovery, it is said that he was planning a coup d'etat with the object of placing former Emperor Charles of Austria on the Hungarian throne. This information is given in a Budapest despatch to the Abendblatt.

Hungarian forces commanded by Admiral Horthy, former commander-in-chief of the Austrian navy were last week, within one day's march of Budapest, being brought forward under Premier Friedrich's orders, he having promised the Rumanian commander-in-chief that the Hungarian forces would place King Ferdinand of Rumania on the Hungarian throne. It is said.

The despatch states that when it was discovered the premier's real object was to place the Rumanian troops on the throne the Rumanian troops ceased their withdrawal from Budapest and ordered Admiral Horthy to halt his forces.

Advices to the Associated Press from Budapest say the arrest of the premier was prevented only by American and British guards which fixed bayonets and prepared for battle. British officers in command of the guard forces ordered the Rumanians to continue their withdrawal from the city.

Sugar Shortage is Felt in Old New York

New York, Oct. 17.—Arthur Williams, federal food administrator for New York today was perfecting plans to place the city on a sugar rationing basis similar to that in force during the war. Increased use of sugar for "soft" drinks resulting from the enforcement of prohibition and the shortage in receipts of raw sugar resulting from the strike of longshoremen which virtually stopped shipments, were blamed by Mr. Williams for what he termed the most serious sugar shortage since 1917.

Sales of sugar will be limited to one pound for each customer and many restaurants already have started to effect the sugar rationing employed during the war, instead of the open bowl.

The Ford automobile stolen from the streets of Rochelle Tuesday evening, has been located at Morrison, according to word from Chief Hodges of the Rochelle police department. WED IN DIXON—

At high noon Thursday Miss Edna Belle O'Kane, of Sterling, and Hugh T. McDole, of Tucson, Ariz., were principals at a quiet wedding here at the Nachusa Tavern. The ceremony was performed by Rev. F. W. Barr, former pastor of the Presbyterian church in Sterling, who is in Sterling to attend the seventy-fifth anniversary of the organization of the church. The couple were unattended.

The bride wore a blue silvertone with hat en costume and carried a bouquet of roses. Following the ceremony the bridal party were served dinner at the Nachusa Tavern and later left for a wedding trip in the east.

They expect to return to Sterling and make their home with the bride's grand mother, Mrs. Agnes O'Kane at 512 Fifth avenue. The bride was born and raised in Sterling. The groom was formerly located in Sterling as a member of the Shepard & McDole Co., but left two years ago for Chicago. Several months later he enlisted in the army and only received his discharge recently. He spent seventeen months overseas as a sergeant in the quartermaster department.

POWERS-MEAD WEDDING—

Miss Margaret Mead, of Amboy, and John P. Powers, of Ohio, Ill., were united in marriage at 7 o'clock Tuesday morning, October 14th, at St. Patrick's church in Amboy. Nuptial high mass and the marriage ceremony was conducted by Rev. T. J. Cullen. Miss Margaret Keio, of Amboy, served as maid of honor and Thomas Powers, of Chicago, was best man.

The bride wore a dark blue traveling suit of chiffon broadcloth with hat to match. The maid-of-honor's suit was of the same shade in tricot. Both carried white prayer books. Breakfast was served to the bridal party at the bride's home immediately after the marriage ceremony. Afterwards Mr. and Mrs. Powers left on a wedding trip to Chicago and other points.

The bride is the daughter of Mr. and Mrs. John Mead, of West Amboy. Mr. Powers is well known throughout the county as one of its prominent business men. They will be at home in Ohio, Ill., after November 15th, where Mr. Powers has a home prepared.

G. A. R. CIRCLE SUPPER—

The Ladies of G. A. R. Circle gave a scramble supper at G. A. R. hall

Thursday evening which was attended by thirty members and comrades of G. A. R. Post, with their families. A supper, consisting of all kinds of good things, was served at 6:45. Halloween decorations made gay the tables, which were further decorated in candles. Cards, music, and social chat were the diversions.

AT L. W. MITCHELL HOME—

Mrs. Laura Hageman, of Seattle, Washington, visited in Dixon yesterday with her brother and sister-in-law, Mr. and Mrs. Dollmeyer, and with Mr. and Mrs. L. W. Mitchell at the L. W. Mitchell residence. From here Mrs. Hageman went to Freeport to visit with friends there before returning to Seattle. She is returning from a visit with her son, Lt. Carleton Mueller, recently returned from overseas, who is now employed in Washington, D. C.

PHIDIAN ART CLUB—

A meeting of the Phidian Art club will be held at the home of Mrs. Edward L. Staples, 323 North Galena avenue, on Tuesday afternoon. Mrs. Steel will have a paper on "Paris the Incomparable." Miss Eleanor Dement, of Oak Park, has consented to talk on the subject, "Byways of Travel," from her own numerous travel experiences. The club is also to be favored with several selections by the Westminster Quartette.

ATTENDER CONVENTION—

"STUNT NITE FESTIVITIES"—

"Stunt Nite" at the Presbyterian church on Thursday evening was eminently successful and productive of a very merry evening. A large crowd gathered in the Sunday school rooms, where the chairs were arranged in a circle about the "ring" for the performers, for the affair. Miss Woodburn's class impersonating an International Jazz band, Dr. Lehman's class in a race to don overcoats, hats, and umbrellas, the class of boys in a stunt called "The Painless Doctor," the class of girls in a sketch in which a bachelor advertizes for a wife, and many others were all provocative of side-splitting mirth. Salvia, dahlias, chrysanthemum, and cosmos prettily decorated the rooms and enjoyable frappe and wafers were served.

PAIRIEVILLE SOCIAL CIRCLE—

The Ladies Social Circle of Prairieville met with Mrs. Freeman Landis on Wednesday, Oct. 15th, in an all-day meeting. Sixteen members and a number of visitors were present, including two ladies who were former residents of the community, Mrs. Spencer Morgan, of Iowa, and Mrs. A. Morgan, of Louisiana. A short business session was held in the afternoon. A washing machine was purchased for a needy woman in Sterling, who does four washings a week besides washing for her family of seven small children. Fourteen little tots present at this meeting would be ample reason for calling it "children's day." The next meeting will be held in two weeks with Mrs. Martin Lenox.

CHICKEN DINNER—

Mr. and Mrs. Ray Springer and Miss Anna Hanson entertained at their home near the Country club Mr. and Mrs. J. D. Hill and son and Mrs. A. W. Vann and daughter, Vera Marie, on Thursday with a delicious chicken dinner.

We suppose the public's representa-
tives at the industrial conference are
there to protest if there is any move to
have the public shot at sunrise.

The presidential possibilities are nar-
rowing down to the cabinet, governors
of the states, members of congress, the
leading generals and that hardy peren-
nial, Bill Bryan.

"What," asks the sociologist in sub-
dued horror, "what will these boy band-
its be when they grow up?" And the
Chicago News replies that they likely
will be profiteers.

The news dispatches say "Many suc-
cides among Germany ex-army offi-
cers." Who says the war was fought in
vain?

Of course the public is good natured,
but it doesn't fancy having a bunch of
profiteers standing on its Adam's apple
indefinitely.

saddest is the politician who does not

MILLIONS
Suffer from
Acid-Stomach

Millions of people suffer year after year
from ailments affecting practically every
part of the body, never dreaming that their
ill health can be traced directly to acid-stom-
ach. Here is the reason: poor digestion
means poor nourishment of the different
organs and tissues of the body. The blood is
imperfect—becomes weak, thin, sluggish.
Ailments of many kinds spring from these
conditions. Biliousness, rheumatism, lumb-
ago, sciatica, general weakness, loss of
power and energy, headache, insomnia,
nervousness, mental depression—even more
serious ailments such as catarrh and cancer
of the stomach, intestinal ulcers, cirrhosis
of the liver, heart trouble—all of these can
often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptoms
of acid-stomach—indigestion, heartburn,
belching, food repeating, that awful painful
bloat after eating, and sour, gassy stomach.
EATONIC, the wonderful modern remedy for
acid-stomach, is guaranteed to bring quick
relief from these stomach miseries. Thousands
say they never dream that anything could
bring such speedy relief—and make them feel
so much better in every way. Try EATONIC
and you, too, will be just as enthusiastic in
its praise. Make your life worth living—no
aches or pains—no blues or melancholy—no
more of that tired, listless feeling. Be
strong, and strong, get back your physical and men-
tal power; your vim, vigor and vitality. You
will always be weak and ailing as long as you
have acid-stomach. So get rid of it now.
Take EATONIC Tablets—they taste good—
they eat them like a bit of candy. Your drugg-
ist has EATONIC—50 cents for a big box.
Get a box from him today and if you are not
satisfied he will refund your money.

FOR YOUR ACID-STOMACH

HOW MUCH TOBACCO
WILL MY HEART STAND?

A Question Vital to Every Man Who Smokes or Chews

IT MAY COST A PRECIOUS LIFE TO
FIND OUT BY EXPERIMENT.

The heart of every user of tobacco
bears a double burden. It does its al-
lotted task and then fights nicotine for
supremacy. As long as the heart wins
he lives; when it loses he dies, but be-
fore the final victory of nicotine you
pass through many stages of decline
and decay and suffer many pains.
Hearts are like human beings—some
are stronger than others, therefore
some hearts will stand more tobacco
than others, but there is a limit to what
any heart can stand. The man who
puts this additional strain on his heart
a dozen times a day by smoking cigar-
ettes, a pipe or cigars—or chewing to-
bacco—is taking a madman's chance
with health and life to lose and nothing
to win but the chance that he may not
lose them. He is indulging in a costly
habit at the expense of precious health.
Ask any doctor anywhere, and he will
tell you that using tobacco is injurious
and that it is far better to quit the hab-
it than to experiment to find how much
tobacco your heart will stand without
serious results.

But the thought of quitting is un-
pleasant to most men—even to those
who know that tobacco injures them—
and to really quit takes more will
power than they have and causes more
suffering than they can voluntarily en-
dure. To quit the habit make it easy

for yourself by getting Nicotol tablets
and taking them as directed. The habit
really quits you and its departure is a
pleasure equal to its indulgence.

If you want to know how much eas-
ier it is to quit the habit with Nicotol
than without it, go twenty-four hours
without tobacco and note what an ef-
fort it costs you, then begin using it as
usual and take Nicotol tablets. At the
end of a week discontinue smoking or
chewing for a day and it is probab-
ly you will have no desire to resume. At
least your desire will be greatly dimin-
ished and another week or two should
make it not only possible, but a pleas-
ure to quit.

NOTE: Dr. Connor, formerly of
Johns Hopkins Hospital, under whose
advice Nicotol has often been used
said when this statement was shown to
him: "I have known Nicotol to con-
quer the tobacco habit in less than ten
days' time and I can therefore recom-
mend it highly." When the doctor's
statement was shown to one of our lead-
ing druggists he said: "Nicotol is truly
a wonderful remedy for the tobacco
habit, way ahead of anything we have
ever sold before. We are authorized
by the manufacturers to refund the
money to every dissatisfied customer;
and we would not permit the use of our
name unless the remedy possessed un-

United States Will Have No Voice Until Treaty Ratification

By Associated Press Leased Wire
Paris, Thursday, Oct. 16.—(Delayed.)—Immediately after formal ratification of the treaty of peace with Germany the supreme council of the peace conference will probably name a co-ordination commission, the duties of which will be to decide what bodies shall have jurisdiction over matters not definitely assigned by the treaty. This commission will, in a way, carry on part of the work which has been performed by the supreme council which is expected to close within six weeks.

Manifestly the United States can not be represented on this co-ordination commission until she ratifies the treaty. In the Rhineland the Belgian, French and British members of the inter-allied Commission of which an American will be the fourth member will probably be empowered by their governments to proceed with civil administration in spite of the fact the Rhineland convention requires American co-operation. In American occupied territory, military control will be continued by common consent until the United States senate ratifies the treaty and makes the establishment of civil government possible.

The co-ordination commission will have lesser powers than those held by the supreme council. Its members will not be plenipotentiaries but will be required to refer important matters to their various foreign offices for decision. This commission will deal only with matters relating to the German treaty.

DOMER WON MATCH IN STRAIGHT FALLS

Domer won two straight falls from Polski in the match at the Moose hall last evening before a fair sized crowd. The pair sparred for 25 minutes in the first fall when Domer put his opponent's shoulders to the mat with a hammerlock hold. The second fall was secured in eleven minutes with a wrist

lock. Dan Wolfe of this city refereed the match. In the preliminaries Belknap won two straight falls from Gorman using the body hold. Pine and Carson gave a good exhibition, the latter winning the first fall in three minutes. Pine forced his opponent to give up in the second fall.

Weakened Illini to Meet Iowa Saturday

By Associated Press Leased Wire
Urbana, Ill., Oct. 17.—Weakened by injuries, the University of Illinois football team, champions of 1918, will have its back to the wall tomorrow when it meets the strong University of Iowa eleven here. Coach Zuppke has announced that he will start Sternaman at left halfback in place of Walquist, who was injured in the Purdue game. Schlauderman will fill up a gap in the line caused by the loss of Leitch, veteran guard.

Reducing the "cost of clothes"
for you

WE'RE doing it in two ways; first, by offering only high grade clothes; the all-wool quality and fine tailoring in them give such long wear--you don't have to buy clothes so often.

Second: By basing our present retail prices on what we paid for the goods months ago. Were we to try to duplicate any of this clothing we're selling today, we'd have to pay as much for it at wholesale as you do at retail.

So, if we sold clothes to you on the present wholesale basis, we'd be asking a lot more money.

Some warm ones

YOU'LL find a great many good stylish overcoats here warm ulsters and great coats for winter; lighter coats for fall wear; full draped models; body tracing designs single and double breasted \$25.00 to \$85.00

We've always been believers in quality goods—the type of merchandise that is "best in the long run"—such quality as is readily apparent to the man who makes comparisons. And we've found that policy mighty popular with the men who value time and appearance.

Belter suits—for young men

THEY'RE popular; single and double-breasted models; yokes, plaits; the liveliest suits of the season \$30.00 to \$60.00

ROSE IS TACTLESS

CHAPTER XI

Rose came in about ten minutes before Everett got home. We were chatting in my room and he called up and asked if he might join us. I was so astonished for a moment I couldn't answer, for altho he had been very nice to Rose this time, I had thought it was simply to make up to her for his actions the time she visited me before.

He had brought us a box of candy, and each of us a lovely corsage bouquet for the evening.

"Now tell me what you have been doing all day, you two. You look as fresh as a rose, Miss Grandon." He gave her an admiring look.

"We shopped all the morning, then this afternoon I proposed we rest as we were going out tonight. Rose had flashed me a warning glance. But even had she not, I would not have mentioned meeting Walter Kemp, or that she had met him again for tea. I felt hurt that Everett had said nothing complimentary to me after saying something nice to Rose.

Rose was not a tactful girl. After Everett left us to dress for dinner she said: "I notice you still decorate the walls with Number One."

Everett thinks it would cause comment if I had it taken down.

"I should be more apt to think he loved to see it, than to care what people said. He doesn't strike me like the kind of man to care much about what others think of anything he might do."

"He isn't usually," I admitted flushing.

"Have you got used to being Number two, Sandra?" she asked after a moment. "I don't believe I ever could. I would be thinking of her all the time. If my husband kissed me, or said nice things to me, I would think he used to

say the same to her, and first. I guess that is what would hurt me, not being first. It is a good thing you haven't my disposition. I would have thrown those pictures of Number One out the very day I came here."

"Oh, no you wouldn't!" I replied, thoughts of Everett in my mind. "You think you would, but when it came right down to it, you would not want to hurt your husband's feelings. But Rose, you must be careful." I changed the subject. "Everyone knows Walter Kemp, and you will get talked about if you go around with him. They say he only admires one woman or girl until another comes along."

"I'll look out for myself as far as he is concerned. Now I must go dress. I want to look nice. I told him we were going, and he said—" she blushed and hesitated.

"What did he say that makes you blush so?"

"He said he would have to go also, and watch his divinity from afar. Wasn't a lovely thing to say to me?"

Sure Relief

Tells Dixon Druggists Sale of Begy's Mustarine is Guaranteed

Makers Have so Much Faith in Its Mighty Power That They Rigidly Guarantee It Not Only to You but to All Who Buy It.

BEGY'S YELLOW MUSTARINE IN YELLOW BOX

Very soon the people of this city and state will know through the newspapers about the best and quickest pain killer on earth.

A wonderful external remedy that often ends influenza, cold in the chest, sore throat, pleurisy or bronchitis over night.

It's called Begy's Mustarine and thousands of people who have suffered from the agonizing pains of rheumatism have found speedy, sure and blessed relief with one application.

Everyone knows that heat ceases pain and there is more concentrated nonblistering heat in a box of Begy's Mustarine than can be put in any other box of the same size.

Just tell your customers to rub on Begy's Mustarine; it is very penetrating and can't blister.

Tell them to use it for sprains and strains, for lumbago, neuritis, sciatica and neuralgia.

Remember that people who use quick-acting Begy's Mustarine once never go back to slow-acting remedies that may do good or may not.

It's used extensively for swellings, pains and aches of all kinds, and just as soon as the people get to know how much better it is than liniments, salves, poultices, plasters, hot water bottles and the like, the demand will exceed your expectations.

Get your order in today—your jobber has it—and remember that if for any reason it does not sell, you can have your money back.

Remember also that in selling Begy's Mustarine to your customers that we guarantee it to do just what we say it will do.

And if it doesn't give the customer his money back and we will make good. S. C. Wells and Co., LeRoy, N. Y., makers of Celery King, Dr. Carter's K. & B. Tea, Shiloh and other good remedies.

"Perhaps," I guess Everett would think it silly.

"Of course he would. Everett's old!" Rose ran away then to dress, leaving me with a feeling that I almost hated her. She had made me unhappy first by taking of Leola, calling me Number Two, and then she had expressed what I had felt so many times; that when Everett kissed me or said nice things to me, it was only a repetition of what he had done and said when Leola was with him. I didn't mind so much what she said about the pictures. I had overcome that feeling to a certain extent, and sometimes would forget all about them—until some one called them to my attention.

Then what she had said just before she left me. She had thought that a

wonderful compliment of Kemp's—and to tell the truth, so did I. I would have been delighted could I have had one like it paid me. But she had said, without in any way softening her words:

"Of course Everett would think such a compliment was silly," and had added: "Everett's old!"

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lody" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c

Standing, sitting and walking correctly are the first essentials to good health and that elusive charm we call style

ALL women wish to be well; but all women do not appreciate the vital importance of correct corsetry as an essential to good health. The well-known medical authority, Alice S. Cutler, M.D., warns us: "As a physician who knows that if it were not for ill-fitting and the wrong kind of corsets we would have very few female in-

valids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

GOSSARD CORSETS

The Original-Unequaled Front Lacing Corsets

have attained their unquestioned superiority by assisting nature to perfect expression.

Every Gossard is hygienically correct. Properly fitted to the figure for which it was designed it will give scientific support to abdominal and back muscles, with no chance of undue pressure at the waistline; the organs of nutrition will be free from pressure; the erect posture which is induced will encourage deep breathing and the diaphragmatic mus-

cles become strong with use. A woman so corseted will have the undeniable beauty of health and that grace of body, standing, sitting, or walking, which is best expressed in the one word, style.

We unreservedly recommend Gossard Corsets as the complete expression of modern corsetry. Our highly specialized corset service is maintained with a full appreciation of the exacting needs of the modern, active woman.

Don't Be Deceived By the Word "Purity."

You hear, read or are told that this, that or the other toilet soap is made of pure ingredients. Maybe it is. But that's not enough.

You might make up a batch of jelly—of pure grape juice—of pure sugar. But if those ingredients came in contact with impurities—they cease to be pure.

It is just the same with toilet soap. The manufacturers of Remmo Sterilized Toilet Soap seem to have found the final solution of positive soap purity.

Remmo Sterilized Toilet Soap—as many other Toilet Soaps—is made of the purest of soap ingredients. To protect those ingredients against all forms of impurities with which they might come in contact, the combined ingredients are sterilized at 248° Fahrenheit.

Remmo Sterilized Toilet Soap possesses the only kind of purity that means anything at all to soap users—it is pure when used.

This positive soap purity quickly makes itself known in improved complexion beauty—delightful skin coloring and velvety skin texture.

This extreme purity, high excellence of cleansing quality and precaution against impurity adds nothing to the cost of this Toilet Soap.

Remmo Sterilized Toilet Soap can be procured from your dealer at the same price asked for toilet soaps that can not give you the same degree of purity or the same pleasing results.

Wheat Ruling Cause of New Corn Upturns

By Associated Press Leased Wire
Chicago, Oct. 17.—New upturns in the value of corn resulted today from prospects of diminishing receipts. In this connection, railroad orders to give wheat the preference in the movement from the interior was considered a notable bullish factor as to corn. Besides, country offerings to arrive were not large. Opening prices, which ranged from the same as yesterday's finish to 1/2c higher, with December 1.22 1/2 to 1.23 1/2 and May 1.22 to 1.23 1/2, were followed by material gains all around.

Oats hardened with corn. Seaboard bidding remained active. After opening unchanged to 1/4c higher, including December 70 1/2 to 71c, the market scored a moderate general advance. Higher quotations on hogs and grain lifted provisions. Lard was the leader. Bulls urged that with cotton near the highest price ever known and with other commodities toward the top no important decline was to be expected in grain at present. The market closed unsettled, 1c to 1 1/2c, net higher, with Dec. 1.24 1/2 to 1.25 1/2, May 1.22 1/2 to 1.23 1/2.
